

March 28, 2007

Dear Division 4 Parents and Guardians,

My name is Meghan _____ and I am a student teacher from the University of British Columbia. I feel privileged to be working with Mrs. Burley and your children during my three month practicum at _____ Elementary School. The three month practicum takes place from March 26th to June 20th. The warm welcome that I received from Mrs. _____ and the students in the fall and during my two-week practicum in January has been wonderful, and I look forward to working together again.

I graduated with a Bachelor of Arts degree in French from the University of British Columbia and I am completing my Bachelor of Education this year.

During my three month practicum, I will be teaching Science (*Forces and Motion*), Mathematics (*Transformational Geometry*), Social Studies (*History of Vancouver*), Novel Study (*White Jade Tiger*), P.E. (*Ultimate*) and French (*Dans une île*).

Your children will also have the opportunity to visit the Roedde House Museum where they will engage in a variety of hands-on activities related to our Social Studies unit, they will explore a variety of media in Art, and develop their skills through a variety of home assignments, in-class projects and presentations. I think it is important to actively engage students in their learning, for example, by exploring their family history to learn more about the past and to make the curriculum relevant to events happening in our world.

If you have questions concerning the curriculum or would like further details, please send me a note in your child's agenda or through email, and I would be pleased to discuss our program with you.

I hope that this letter has helped you to get to know me a little bit better. I would also appreciate the opportunity to meet you. If you have a chance, please stop in before or after school so that we may meet in person or, if you prefer, please contact me through the school at (604) 713-____. I am also available through email at: meghan____@____. I look forward to working with your children over the next three months.

Sincerely,

Meghan _____
