*21st century
Language teaching
Focus on MOTE
and Gimkit !!!*

Part 3- April 7th, 2022

Come join Glenn Cake for a third virtual webinar on **Thursday April 7th at 3h30 pm.** In this session, Glenn will lead the group through a more thorough, in-depth analysis of 2 engaging tools for any second language classroom.

Firstly, the power of the Google extension MOTE which integrates nicely with Docs, Slides and Forms. We shall explore the many ways that this can be used as question and answer prompts.

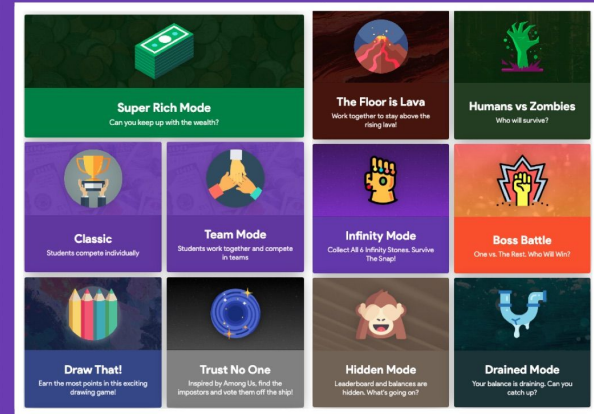

Secondly, Glenn will go deeper into the endless possibilities of the Gimkit learning platform. Come learn how to integrate audio and images into questions as well as exploring some of the newest Game features

The Gimkit platform can be used in any classroom to introduce or review concepts; a mashup of Kahoot! and Quizlet, but with some unique features such as “Flashcards , KitCollab, Tag, Fishtopia and Draw That” to name a few

Gimkit

Gimkit

Gimkit goes free.

November 14, 2021 by Josh Feinsilber

I launched Gimkit four years ago as a school project. It cost money to keep the servers running, and I certainly wasn't going to lose money on a school project!

So, I put Gimkit behind a paid subscription and made a very limited free plan. And that model has remained the same over the years.

The Basics

Create an account with your email address and click on New Kit

The screenshot shows the 'New Kit' creation form. At the top left is a blue link 'Go Back'. The title 'New Kit' is in large bold black text, followed by the subtitle 'Let's get started!'. To the right is an icon of a lightbulb inside a cardboard box. Below the title is a horizontal line. The form has three sections: 'Name' with a text input field containing 'Kit name'; 'Language' with a dropdown menu showing 'No language selected'; and 'Subject' with a dropdown menu showing 'World Languages'. At the bottom left is a lock icon, and at the bottom right is a 'Next' button.

Choose a Cover Photo

You will be given an array of images based on the title of your new Kit

ANNOUNCEMENT

today 

Introducing Cosmetics!

Those little characters you've been running around as in Fishtopia & Tag: Domination? Well...they're called **Gims** and you're now able to collect and wear your own in-game!

Earn XP by completing actions in 2D game modes like Fishtopia & Tag: Domination. XP can be earned by answering questions correctly, or completing actions specific to each mode. For example, you'll earn XP when tagging a player in Tag: Domination or catching a rare fish in Fishtopia. Once you earn enough XP, you'll level up and get **100 GimBucks!**

Save up your GimBucks to purchase Gims in the Item Shop! Once you purchase a Gim, you'll be able to wear it in-game.

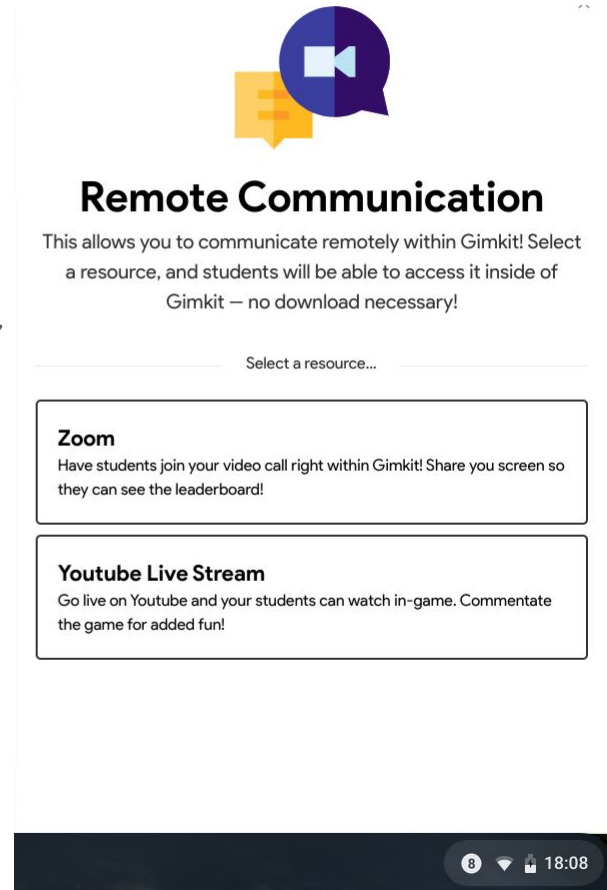

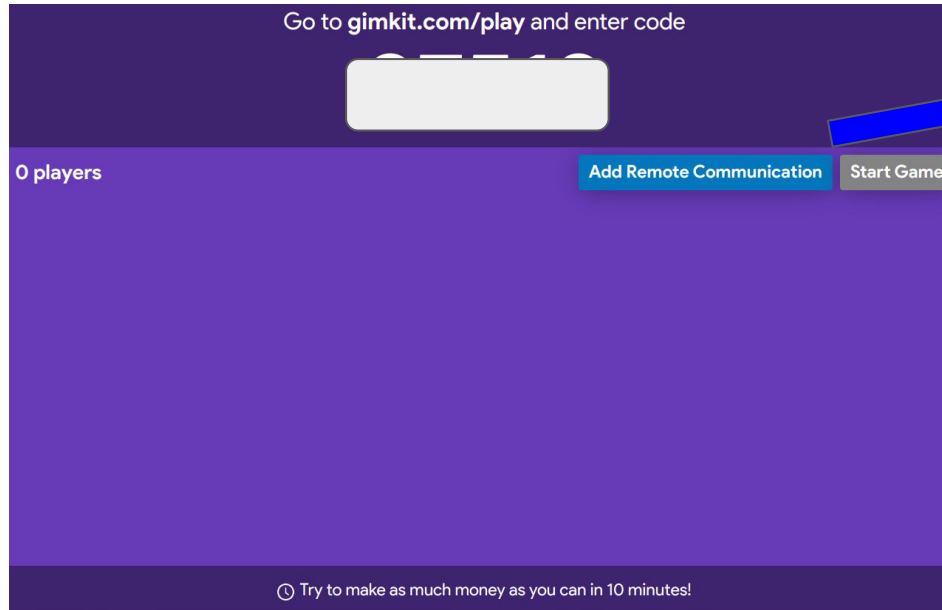

The Item Shop opens on April 12th at 7 PM EST. Start earning GimBucks now to make purchases when it opens.

For more information, check out our cosmetics blog post.

New Features- Asynchronous Play !

Do students need a Gimkit account to play ? NO !!!

Simply send the game link to the participants. Asynchronous play works the same as a live game !

When given as an assignment, it's not as competitive because students work at their own pace.

Once completed, teachers will be able to see the results on their end. A breakdown of individual student , question breakdown

New Assignment

Assignments allow your students to play Gimkit asynchronously.

Kit

Which Kit would you like students to practice?

Classes

Which classes would you like to complete this assignment?

Due Date

When should this assignment be completed by?

Target Cash

How much money do students have to earn for the assignment to be marked as complete?

Set up Classes

Optional feature

Invite students to the class that you create (Students would need to create an account)

Once in your class, only those names will appear to play. This eliminates any inappropriate names and also enables Instant Join. Students do not need to join with a game code, game will show up when they log in !

Classes feature is suggested for INK (a feature soon coming)
